POWER Ministry Statement of Faith

POWER Ministry is purposefully non-denominational. It is our goal to promote the kingdom of God by finding unity among believers in Jesus Christ our Savior and Lord as we jointly seek to fulfill the great commandment and the great commission.

The Great Commandment

“Jesus replied: ‘Love the Lord your God with all your heart and will all your soul and with all your mind. This is the first and greatest commandment. And the second is like it: Love your neighbor as yourself. All the Law and Prophets hang on these two commandments.’”

Matthew 22:36-40

The Great Commission

“Then Jesus came to them and said, ‘All authority in heaven and on earth has been given to me. Therefore go and make disciples of all nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, and teaching them to obey everything I have commanded you. And surely I am with you always, to the very end of the age.’”

Matthew 28:19-20

Our Statement of Beliefs

In essential beliefs—we will have unity.

“There is one Body and one Spirit... there is one Lord, one faith, one baptism, and one God and Father of us all...” Ephesians 4:4-6

In non-essential beliefs—we have liberty.

“Accept him whose faith is weak without passing judgment on disputable matters... Who are you to judge someone else’s servant? To his own master he stands and falls... So then each of us will give an account of himself to God... So whatever you believe about these things keep between yourself and God.”

Romans 14:1, 4, 12, 22

In all our beliefs—we show love.

“...If I hold in my mind not only all human knowledge but also the very secrets of God, and if I have the faith that can move mountains—but have no love, I amount to nothing at all.”

1 Corinthians 13:2

POWER Ministry believes there is order in worship, but does not deny spiritual gifts given to individual believers

ESSENTIALS

We believe that the Holy Bible is the inspired, infallible, word of God and the supreme and final authority on all matters upon which it teaches. It is absolutely true and trustworthy and our standard of faith and practice.

We believe there is one true and living God, Creator of heaven and of earth, eternally existent in three persons, Father, Son and Holy Spirit.

We believe that man was created in the image of God, but as a result of sin is lost and powerless to save himself. Sin remains in man and can be forgiven through repentance and the forgiveness of God through the sacrifice of our Lord Jesus Christ.

We believe apart from Jesus Christ all people are spiritually lost and because of sin deserve the judgment of God. The only hope for man is to believe in Jesus Christ, the virgin born son of God, who died to take upon Himself the punishment for the sin of mankind and who rose from the dead so that by receiving Him as Lord, man can receive God's salvation and eternal life. Salvation cannot be earned through personal goodness or human effort. Salvation is a gift that must be received by humble repentance and faith in Jesus Christ.

We believe Jesus Christ led a sinless life, performed miracles, died on the cross to take upon himself the punishment for the sin of mankind, died and rose again bodily, ascended to the right hand of the Father, and will return in power and glory to fulfill the eternal plan of God.

We believe that the Holy Spirit convicts the world of sin and draws people to Christ. He also indwells those who have received Christ for the purpose of enabling them to live righteous and Godly lives and gives them spiritual gifts to serve the church and reach out to a lost and needy world.

We believe death seals the eternal destiny of all people. At the final judgment unbelievers will be separated from God into condemnation. Believers will be received into God's loving presence and rewarded for their faithfulness to Him in this life.

We believe that all believers are members of the body of Christ, the one true church. Spiritual unity is to be expressed among Christians by acceptance and love of one another across ethnic, cultural, socio-economic, national, generational, gender and denominational lines. The mission of the church is to reach lost people and grow them into fully devoted followers of Christ.

Acts 1:6-9 When the apostles were with Jesus, they kept asking Him, "Lord, are you going to free Israel now and restore our kingdom?" "The Father sets those dates," He replied, "and they are not for you to know. But when the Holy Spirit has come upon you, you will receive power and will tell people about Me everywhere — in Jerusalem, throughout Judea, in Samaria, and to the ends of the earth." It was not long after He said this that He was taken up into the sky while they were watching, and He disappeared into a cloud.

POWER HISTORY

In July 2000, a group of men met in Riverside, California to seek God's wisdom in the formation of a Men's Ministry dedicated to the impoverished Mexican nationals along the Texas/Mexico border. At this meeting, the men expressed the desire to establish a nondenominational non-profit organization that would include whoever God chose to be involved. Shortly after that meeting, going purely on faith, it was agreed to form the organization known as POWER (**Purposeful Outreach With Eternal Results**) Ministry.

Using Acts 1:8 as a statement verse, the leadership team partnered with Louie Davenport, an Idaho farmer, who for 25 years had been ministering along the border. Under the sponsorship of Bridges Christian Fellowship, six months later, in January 2001, 41 men took the initial POWER missions outreach trip offering food, clothes, shelter, encouragement and the Gospel of Jesus Christ to the people along the Rio Grande. Since the first journey, the Ministry has conducted youth and couples' trips in addition to an annual trip for men. God has blessed this ministry **over the past 20 years in that:**

- ✓ 964 men have participated in at least one trip from 30 states and 7 countries
- ✓ Over 200 churches have been represented
- ✓ 6,000,000 pounds of food have been delivered
- ✓ 90 homes, churches and other structures have been built
- ✓ \$700,000 have been donated to missionaries and ministries worldwide
- ✓ 35 puppet shows have been presented
- ✓ 43 children's festivals have been provided
- ✓ 200,000 Bibles have been distributed

Countless lives have been changed for Jesus Christ! The purpose of POWER Ministry is multifaceted. Providing those who go on the annual trips an opportunity to have a first-hand, third world missionary/outreach experience without traveling overseas, they participate in reaching out to those less fortunate. In this process, they assist the Mexican nationals with the essentials of life. Most live in bitter poverty with little chance of improvement, by providing food, clothes and building homes, we are able to meet some of their physical needs. This provides an opportunity for the missionaries we support in addition to the trip participants to minister to the hearts open to hearing the Gospel. For those who attend, this often is a life-changing experience in terms of commitment to serving our Lord. We trust this will be a stepping-stone for men to dedicate their lives to sharing the love of Christ.

During our ongoing history, God has provided people and resources to accomplish His will. The Leadership Team will continue to depend on Him for everything, trusting the future of POWER Ministry to Him. We appreciate those who accept the challenge to seek God's will in their life through this endeavor. May He continue to bless those who serve Him through this ministry.

POWER 2020 Ministry Mission Trip Itinerary — GROUP 2

FAITH MISSION INTERNATIONAL

Tim and Rosa Ehlers

Del Rio, Texas

Following a ten-year absence, Pastor Tim Ehlers and his wife Rosa have returned as the administrators of Faith Mission International. In addition to ministering across the border and working with a large group of Mexican pastors, Tim's vision and passion is to train leaders and equip them to fulfill their roles in ministry to the glory of Jesus Christ. He is involved in pastoral teaching and helps pastors develop well rounded ministries in the areas of evangelism, discipleship and activating the members of their congregations to also serve and ministry. Working together with Mexican Pastors they identify and prepare leaders with a vision to plant new works in Mexico. Tim also preaches the word on both sides of the Border. Tim is invaluable to POWER as he helps identify and prepare projects, receives shipments to the POWER storage shed, prepares the dorm accommodations, leads tours of Acuna, arranges visits to the jail among other vital tasks.

Faith Mission International has hosted hundreds of American churches coming for short term mission trips to minister in Mexico over the years. Due to the violence along the Border, tougher screening of cross border travelers requiring passports and a bad economy there has been a large decrease in groups coming to minister. This circumstance has opened up the opportunity to begin having churches send individuals to the mission to receive training for the mission field specifically Hispanic speaking countries. The idea is to train up new missionaries the same way Jesus taught his disciples with one on one, hands on, real life experiences. The new program will be called "The Institute of Advanced Leadership and Missionary Training" and Tim is very excited to see what God is going to do. Be sure and get a chance to meet Tim personally and you will get a feel for what it is like to be a boots-on-the-ground missionary.

The founders of Faith Mission International, Allen and Charlene Ehlers are now retired and living at Faith Mission. Many POWER veterans carry fond memories of doing ministry with the Ehlers on previous trips. Numerous churches and food distribution centers/missions were built and continue to be used to win the lost to Christ.

Dave Johnson heads up the procurement and distribution of bibles and tracts for POWER Ministry. Above is the sticker we put on every case of Bibles we distribute.

Our Bible budget is approximately \$45,000.00. Dave shares that he is grateful that every single year that POWER has been in ministry, the leadership team of POWER has raised its budget for Bibles without exception. This year \$42,500.00 has been spent so far towards the January 2020 trip. We purchased:

Spanish Bibles	23,520
English Bibles	2,500
Spanish New Testaments	4,080
English Tracts	685
Prison Bibles	300
Assorted Spanish Tracts	64,120
Spanish Book of John	8,400
John MacArthur Study Bibles	30
Archaeological Study Bibles	30
Bibles for Nigerian Refugees	6,840

We continue to distribute Jack Chick tracts this year. Several of our ministry partners have requested them and because of their comic book style and strong message they have become another important tool in winning souls for Christ. We will have over 65,500 to distribute and most of them get read by many different people. At just over .9 cents each these tracts could very well be one of the best investments we make!!!

The Bibles, New Testaments and Book of John's are distributed to 18 different locations primarily along the Texas/Mexico border. Some of the locations warehouse them for distribution to numerous other missionaries, pastors and organizations so it is my estimate that around 50 or more locations benefit from the Ray Morelock Memorial Bible Fund. Many of the Bibles go into prisons and jails. Some help new churches we build, providing a Bible for new attendees to read. We have some of the Bibles going deep into Mexico. Many of the people who we supply Bibles to indicate they have no other source of obtaining Bibles and that POWER, through the Morelock fund, serves a very important piece of their ministry. Getting the Word of God in the hands of saved and unsaved people was a real passion of Ray Morelock and it is the intent of POWER Ministry to honor him by continuing to distribute Bibles as the Lord provides.

INSTITUTO BIBLICO MAGDIEL

Magdiel Institute in Matamoros Mexico was founded on October 12th, 1936. Andres Sanchez Garcia was the man that God enlightened and inspired in the organization of the institute. He declared the school's name for the word, "magdi" which means "gifted by God."

Alfonzo de los Reyes, General Superintendent of Mexico for the Assemblies of God, gave testimony that for "seventy-nine years Magdiel has successfully performed in the laudable task of training ministers of the gospel, both men and women. Throughout the length and breadth of the country, men and women graduates of the classrooms are declaring God love, hope and eternal life as pastors, missionaries, evangelists, and teachers. Some graduates with advanced theological degrees now serve as directors of other institutions and hold positions in the highest levels in the Latin America School of Theology (ISUM). Countless graduates have held and are holding leadership positions in the 23 districts of Mexico and in the General Council. As well, throughout the United States many Spanish-speaking churches and districts are led by graduates from Magdiel whether that be district officials, directors of schools, presbyters, pastors, or lay leaders."

Throughout Mexico no other school compares to the impact and historical significance Magdiel Institute has provided for 79 years. By the grace of God and obedient servants of the Lord, this institute has graduated over 1,600 students. It is amazing and touching to see how many of most faithful pastors and teachers proudly display their certificate of graduation from Magdiel Institute. POWER Ministry is committed to the revitalization of this most admirable institute to the highest level. With the new facilities, the visionary leadership, and committed friends like those from POWER Ministry, God will be exalted throughout this hemisphere through the graduates for decades to come!

“Senda De Vida”

Road to Life Ministry

Hector Luna

While visiting the Josiah & Bethany Orphanage, during a POWER Ministry mission trip in January 2007, the new concept of J.O.Y. tours was being implemented and tested. During the festival at the orphanage there were extra guys who had not been assigned a position. There were also beans, rice and clothing left in the vans that had not been handed out. God was orchestrating events to further His kingdom. The men left the orphanage and headed to a poverty stricken area just off the old Low Road coming in from the border and located right on the Rio Grande River very close to the orphanage. The minute the group turned down the dirt road along the river they noticed an encampment of numerous people living in very humble conditions and decided to bless them with the food and clothes. So began our relationship with Hector Luna and his ministry Senda De Vida (Road to Life).

On seemingly worthless land which started out as a place to dump dirt and busted up concrete and block from demolition projects, God rose up a ministry to provide food, clothing, a place to sleep and most importantly the message of God’s love to homeless and recently deported people. Local missionaries have stated that this ministry was the most fertile ground they had witnessed in terms of people being saved and open to the Gospel.

POWER now supplies all the rice and beans to the shelter along with Bibles and regular love offerings. Over time we have watched as God supplied the funds and manpower to build dorms, a church, flood retention walls and drains, sewing classrooms, a kitchen and a director’s home. The improvements over the last 5 years made it possible to shelter and bless numerous people to the point more room was needed to meet the never ending and growing needs resulting from the bad economy and more aggressive US immigration enforcement.

Just when it seemed a new location would be the only answer to this problem the floods of 2010 caused the Mexican Government to declare the entire area unfit to live and began requiring every-one who lived alongside the river to move. During 2011 much prayer was dedicated to seeking God’s will for the ministry as negotiations with the Mexican Government seemed to be heading towards the Govt. requiring the ministry to relocate to several non-adjacent and smaller less desirable parcels. This was very disheartening news as it meant that all the improvements at the shelter would be lost or in need of dissembling and relocating.

But God was at work behind the scenes softening the hearts of Government officials who just recently gave permission for the ministry to stay and allow them to expand on the land next door now vacant by the forced relocation of all the other habitants of the area. What a miracle that now the city is even bringing loads of dirt to help raise the land above the flood zone and is allowing the ministry to expand on land previously owned by others at no cost to the ministry!!! It is on this very land that the 2012 POWER team chose to build a Shelter for homeless elderly men as a project. This building will shine as a light of God’s love to the neighborhood. Using the two verses shown below as a theme Senda De Vida and its director, our good friend Hector Luna, continue to reach out and meet the needs of homeless people and migrants in Reynosa with the eternal result of growing God’s kingdom.

Matthew 11:28 “Come unto me, all ye that labor and are heavy laden, and I will give you rest.”

Matthew 25:40 “And the King shall answer and say unto them, Verily I say unto you, Inasmuch as ye have done it unto one of the least of these my brethren, ye have done it unto me.”

ALIANZA CHRISTIANA (DOME CHURCH)

Mario Perez

Alianza Christiana was born in 1978 when two missionaries, Ramon Esparza and his wife Kate, arrived in our city to share God's Word with a small group of people which gathered near a city park.

Two years later, the first Christian Missionary and Alliance temple was built in the colonia named "5 de Diciembre". At that time the church was made up of 20 people. On September 20 of 1981, the recent seminar graduate Pastor Mario Perez Rojas was named the senior pastor of the church. In December of that year, he married his fellow seminar classmate Martha Alfaro. From that day on, the young couple, along with the congregation started working in sharing the gospel throughout the city.

By 1986, the church had grown so much, they had to build a larger temple with a capacity for 1000 people. God's blessing was over the church and many people came to know Christ. The sick were healed, people were freed, and the church's motto was "God is bigger than my problems".

The church kept growing and so did the vision. In 1992, the church left their facilities and moved to where the actual facilities are now. The first meeting was held under a large tent. Several years ago a large metal dome was erected to replace the tent.

Now the church keeps growing and each day history writes itself. Now we have two services on Sunday mornings with approximately 2900 to 3000 combining both services. We have a private school which has been going for 10 years. This school is well recognized in our city for the outstanding students and academic level. We have now opened a church in McAllen. And so the vision continues.

We also praise God for the relationships and partnerships he has given us. We are blessed to have the POWER group each year in our church. And we thank God for their ministry because they have been a great part of our growth and have helped us in our work to reach the city for Christ.

RIO BRAVO MINISTRIES

Ray & Leah Hansen

In 1980, as Principal of Garland Christian School in Garland Texas, Ray was challenged by a missionary to get the school kids involved in missions. That year Ray and Leah led their first mission team to Mt. Hebron Bible Institute in Monterrey, Mexico. The Hansen's continued to host mission teams annually, then bi-annually, then quarterly until the Hansen's were asked to help with a children's home in Jimenez, Chihuahua. After their first year in Jimenez, Ray and Leah attended language school at Rio Grande Bible Institute in Edinburg, Texas (on the border of Texas and Mexico). While in language school the need on the border became evident. So in 1991, Ray went to Reynosa city officials and requested permission to start a children's home in their city. Soon after, the city of Reynosa donated a plot of land to build Hogar de Ninos Rio Bravo.

Now the hard part, locating the plot of land. This proved to be very challenging. After hiring two survey teams, the land was discovered. It was covered in garbage, cactus and scrub brush. There were no roads, no electricity or running water, and no sewer system. Construction of the children's home started immediately. Mission teams cleared the land and cleaned up the garbage. The cement for the foundation of the first home was mixed by hand with water that was carried in from the homes of Christian neighbors two blocks away. "This was the beginning of faith-building in our lives and in the lives of those who would help make this home for many children", stated the Hansen's.

Today the children's home that started on a trash dump is considered "**The model for children's homes across the state of Tamaulipas**". This statement was recently made by the Director of Social Services for the State of Tamaulipas. There are currently 52 children in the orphanage and 180 children in the school.

REFUGIO INTERNACIONAL de NINOS HISTORY

Over 35 years ago a lady named Shirley moved to the interior of Mexico from the U.S. and married a Mexican man named Lee Mendoza. One day Shirley, who came from a Mennonite background, found an orphaned child had been left at her doorstep. She took in the child and as time went by many others were also taken in and cared for. In the mid 70's, the Mendoza's moved to Reynosa and rented a building where they continued to take in children who needed a home. Tragically, a fire destroyed the rented building. It was at this time the Mennonite Disaster Relief provided the funds to purchase 14 acres and build six (6) separate homes on the outskirts of Reynosa. The orphanage is called Refugio Internacional de Ninos, or International Refuge of Children, and is overseen by Children's Haven International whose sole purpose is "Providing loving Christian care for needy children". As a nonprofit organization, the mission of Children's Haven International is to meet the needs of children who come under their care so that his or her physical, emotional, intellectual and spiritual needs may be met and that he or she can become a responsible, Christian citizen of their country.

In 1988, six (6) acres was donated in Pharr, Texas just across the border from Reynosa. This site now consists of RV hookups, housing, offices and a thrift store which sells donated items to raise funds for the orphanage. Volunteers work at the thrift store and also at a second fundraising home office location in Canada.

Today the orphanage has grown to include a large gymnasium/chapel with kitchen and apartments, a large storage building, swimming pool, soccer field & playgrounds and two dormitories that can house up to 50 people in addition to the original six houses. Having children cared for in individual homes under the care of long-term house parents is a main focus. In this way, the children are cared for in family units rather than institutionalized. It is in this setting that God's love and ways can be best modeled and taught. Extensions to each of the homes are being made to help accommodate the house parents to help meet the needs of their own family and children who live alongside the orphans. By improving conditions for the house parents, everyone benefits as it adds stability to the lives and family units of the orphans which is so important. An additional home for the children is close to being completed and a primary school has also been built so the children get a good educational start.

God certainly picked out a prime location for the orphanage which in the last few years has gone from a rather remote countryside setting to one of being surrounded by hundreds of new homes as the city of Reynosa grows. Plans are under way for the orphanage to reach out to the community and add additional grades to the school, build a multipurpose facility, medical clinic, a program to teach teenagers a trade and a kitchen/dining hall to better reach the local community God has placed around them for Christ. Many success stories can be told. Several children have become professionals. One is a dentist, another a lawyer and two are enrolled at a Bible Institute to become missionaries. Many have gotten University degrees or are involved in pastoral work or church leadership. Often they return to help the children still at the orphanage. One young lady graduated from Bible School, served as a missionary and has returned to serve as a nursery/preschool instructor!!

POWER Ministry looks forward to working with the new American-side directors Randall and Betsy Chacon and orphanage Director Malena Guillen who has taken the place of our old friends Francisco and Lulu who stepped down as she prepared to give birth to twins. Make sure to get a chance to meet Randall, Betsy and Malena. Don't forget to introduce yourself to the house parents and children as we work on our projects at the orphanage.

BORDER MISSIONS

Jerry and Albertia McKnight

Border Missions is a non-profit non-denominational Christian organization located in Hidalgo, Texas just across the border from Reynosa, Mexico. With Isaiah 58:6-7 as a theme verse, Harold and Katherine Morgan founded the mission in 1956 after witnessing the spiritual hunger amongst Mexican nationals in the farm labor camps. At that time, Mexico was truly a land of darkness where idols were worshipped. Mexico was predominantly a Catholic nation and there were restrictions in regards to sharing God's Word. Therefore, the mission was built in the United States. Border Missions has used the distribution of food and clothing in order to reach the lost for God. Many churches have been planted along the Texas-Mexico border and in the Mexican interior by people who were saved at the mission.

For more than 30 years POWER Ministry and its predecessor ministries have provided the beans and rice to help feed and minister to those who are in need. Since 2000 POWER has also provided Bibles, T-shirts, financial assistance and done small work projects at the mission.

The work continues today under the direction of Jerry and Alberta McKnight. The McKnight's assumed the directorate in July 2010 following that of Glenda Atcheson who continues to serve Border Missions as a member of the Board of Directors. The McKnight's are from Mt. Enterprise, Texas, a small town in northeast Texas. Jerry's first mission experience was over twenty years ago while he was an associate pastor in Houston, Texas area. He accompanied a missionary and helped in giving out food and clothing to the people of a very poor village near San Fernando, Mexico. From that very first mission outreach, God placed in his heart a love for the Mexican people and a burden to help them. Alberta joined in this burden, and from that point on trips were planned to Mexico as often as possible, bringing mission groups, helping to build churches, supplying food and clothing, and most importantly, bringing the love of Christ to all that would listen.

In 2003, knowing that God was calling them to Mexico, they both quit their secular jobs and moved to the Rio Grande Valley to work full time with a ministry in Mexico. Since that time, they have had the opportunity of helping to build a Bible School and several churches in the interior of Mexico.

The McKnight's thank God for the privilege of being directors of Border Missions where they can continue to serve the Lord through supplying the physical and spiritual needs to those on both sides of the border. Also serving are Steven and Suzanne Stokes.

Thanks to each one who is able to help us with clothing as well as monetary donations to keep this work ever moving forward!

Faith Missions Ministries
David and Amy Burkett and Family
David and Ming Morales

Faith Missions Ministries is a ministry dedicated to winning the lost to Jesus Christ! They are independent and believe and preach the full gospel message of Jesus Christ! They work with all denominations. The ministry was founded in 1982 by Rev. Harold Burkett with the emphasis on taking the gospel of Jesus Christ to Mexico and Central America.

In 1997, his son, David, along with his wife, Amy and family began with the ministry and were called to the full time mission field to serve as missionaries to Mexico. After attending the Calvary Ministerial Institute (missionary school) in El Carmen Mexico, they began to fulfill the vision that God has laid on their hearts to win 1,000,000 souls to Jesus Christ. Through a prophetic film ministry and evangelism, they ministered to many Indian villages in the mountains of Oaxaca Mexico. The Burkett's have seen thousands of souls come to know the Lord Jesus Christ as Savior. Presently, the Lord is using the Burkett's to minister in many colonias in Mexico and the U.S. as they host mission groups, minister the gospel, feed the hungry and (Nail Pouch Ministry) building churches and houses for the needy.

The word FAITH stands for: **F**ully, **A**rmed, **I**ndividuals, **T**eaching, **H**ope.

Faith Missions Ministry is located in El Cenizo, Texas with mission quarters able to house short term mission groups of 15 or less. A work has been established in Nuevo Laredo called Blanca Navidad. Here a warehouse has been built to store materials needed to build homes and other items for needy families along with a kitchen to serve food to the people who come and worship under a large tent. After the services, people are given a bag of groceries many of whom would go hungry without assistance.

POWER Ministry partners with the Burkett Family and David and Ming Morales by providing beans and rice which help feed over 700 people each week. Visiting Blanca Navidad allows one to experience the great vision of what the Lord is doing on the mission field. You will not leave the same way you came. It will change your life.

POWER Ministry Partners

Francisco and Lulu Segura — When Ray Morelock told us Francisco was one of the best students to graduate from Magdiel Bible School, we knew we had to connect with him. We met in Reynosa where he and his wife Lulu were the directors of the Refugio de Ninos Orphanage which we continue to visit. Francisco is an attorney who gave up a lucrative profession to become a preacher and start a church in a poor Colonia on the southern outskirts of Reynosa. Some veterans of POWER may remember helping build his church and also a home next door so they could fulfill their desire to live in the Colonia and minister more effectively. One special bond we have with Francisco and Lulu is being able to pray for them during a scout out trip. They had tried for years to have a baby of their own. About nine months later they had their first child and then shortly afterward had twins!! God is good. Francisco has also been very helpful in arranging our visits to the Reynosa Prison.

Randy and Jeannie Leyendecker/Laredo Stepping Stone — The connection with Randy goes back to our beloved friend and former board member, John Clark, who has since gone to be with the Lord. An old friend of John Clark knew Rick and Kim Hall who had taken the directorship of Laredo Stepping Stones (LSS) and God put us all together. Randy Leyendecker was one of the founders and board members of LSS where many POWER projects have been done over the years such as a missionary duplex, director's house, two story bath house/conference room and kitchen extension. Additionally, Randy owns a lumber yard where over 100 thousand pounds of food is donated each year to ministries as a tool to further the Gospel. The lumber yard has supplied building materials to POWER at greatly reduced rates for many projects. His heart is also with the homeless and he and his wife spend numerous days each month feeding and ministering to the street people of Laredo. God also enabled Randy to purchase radio station 102.5 located in Encinal, Texas just outside of Laredo which broadcasts Christian music and ministers to the local area. Randy and his wife Jeanie are currently living in one of the duplexes Power built. We look forward to returning to LSS in future years, Lord willing.

Gator and Deanna Carter/Big Heart Orphanage — Gator and his wife run the Big Heart Orphanage in Reynosa, Mexico. The orphanage is aptly named because once meeting Gator you will realize just how big of a heart he has. Gator's decision to run an orphanage not on numbers of children housed but on quality of care leaves one impressed with just what God's best can really be. POWER has had the opportunity to partner with Gator as he reached out and built a local school and added onto the already impressive orphanage. Bowling with the kids has been a big hit with the POWER guys and something the kids look forward to also.
